

VIRTUAL INTERNATIONAL BACHELOR WEEK HUMAN RESOURCES

03 - 07
May 2021

Learning Outcome:

By the end of the International Week, the students are able to:

- develop new approaches/ideas of how to use the latest technological innovations to support employees with special needs at the workplace;
- foster their verbal and non-verbal as well as written communication and collaboration skills;
- act responsibly and enhance their problem-solving skills in an intercultural setting;
- reflect on their own behavior and progress in intercultural teams by regularly participating in group discussions and writing entries in their reflection journals;
- be a role model for others in terms of teamwork and support to reach a common goal.

The participation is open for undergraduate (bachelor) students in Business, Management and HR programs.

Applications must include short CV, motivation letter (in English), confirmation of the level of proficiency in English (if available, the level is not lower than B2).

Applications and questions from **students of Southern Federal University** should be sent **by the April 1, 2021** to the Assoc. Prof., Acting Dean of Faculty of Management Dmitry Shevchenko (dashevchenko@sfedu.ru)

Are you interested in gaining international experience, meeting new people from different backgrounds and countries? Or how about further improving your intercultural communication and foreign language skills? Or maybe you want to know what it's like to work on a case study in diverse teams, meet new challenges, acquire new skills and reach a common goal? Take the chance and not only gain intercultural and international experience, but also do it online! We are looking forward to your registration!
